

Application Form to Join the Graduate School of Solvation Science (GSS)

Full Name:

Matriculation Number:

Title of Doctoral Thesis:

First Supervisor:

Second Supervisor:

Expected Submission Date of Thesis:

Institute Address:

Date:

Signatures:

GSS Student

Supervisor

Dean (GSS)

Please use the box below to give a short description of your doctoral project:

Please use the box below to describe how your research project relates to Solvation Science including any RESOLV collaborators, i.e. the allocation to Research Area(s) and Cross-Linking Topics: (Indicate Research Area A, B, and/or C; as well as the name of the Cross-linking Topic Category, if applicable)

Please note that:

- Only RESOLV PIs/PSs are eligible to submit an application form and that only students whose research is strongly connected with Solvation Science will be admitted!
- Students of the GSS are expected to complete the Individual Training Plan, see the GSS Homepage for more details.
- The individual faculties of the host institutes often have their own additional requirements, which must be fulfilled in order to graduate.
- Membership in the GSS does not entitle the member to a stipend or salary, but gives them the possibility to utilise the RESOLV infrastructure, to undertake an international internship, and to apply for travel cost reimbursement for conferences (up to 1.500 € per annum for a maximum of three years).
