

5th Summer School Solvation Science

May 22-25, 2018
Bochum, Germany

Apply now!

Send your CV and letter of
motivation to gss@rub.de

Program:

Lecture Series

Solvation Science at Large Scale Facilities:

Jean Daillant, Synchrotron Soleil, FRA

Frank Gabel, Université Grenoble Alpes, FRA

Jan-Dierk Grunwaldt, KIT, GER

Felix Lehmkuhler, DESY, GER

Olaf Magnussen, Kiel University, GER

Laurent Nahon, Synchrotron Soleil, FRA

Judith Peters, Université Grenoble Alpes, FRA

Anouk Rijs, Radboud University, NL

Per Uvdal, Lund University, SWE

Workshops

Hands-On Modules

Thermodynamic and Transport Property Measurements in Solvation Science:

Eric May, The University of Western
Australia, AUS

Markus Richter, RUB, GER

Martin Trusler, Imperial College London, UK

Special Lecture:

Jacopo Pasotti, Journalist and Science
Communicator, CH
