

The Cluster of Excellence RESOLV is an interdisciplinary research project of the Ruhr University Bochum and the TU Dortmund University, as well as four other institutions in the German Ruhr area. Since 2012, about 200 scientists cooperate to clarify how the solvent is involved in the control, mediation and regulation of chemical reactions. Our research is essential to advance technologies that could reuse CO₂ for chemicals production, increase the efficiency of energy conversion and storage and develop smart sensors.

From the July 1st, 2022, RESOLV is looking for a:

Student or academic assistant (Studentische oder Wissenschaftliche Hilfskraft - m/f/d) – Press and Outreach

Your tasks:

- Support in updating the website (www.solvation.de), data bases and managing RESOLV's social media channels ([Twitter](#), [Youtube](#), [LinkedIn](#), Instagram)
- Assistance in the preparation of scientific events
- Support in developing communication projects and communication strategies
- Literature and data research

Your profile:

- Enrollment (Immatrikulation) in a University or Fachhochschule (at least in the 2nd Semester) – enrollment in Chemistry or a PR/Media/Journalismus related faculty is a plus
- Experience in content management system (i.e. TYPO3, Wordpress) preferred
- Familiarity with Social Media
- Very good written and verbal German and English skills
- Good computer skills in MS-Office; knowledge of GIMP or similar graphic design software preferred
- Strong communication skills, reliability, creativity, team spirit, flexibility

Our offer:

- You will be embedded in a high-profile research environment on the Campus of the Ruhr University Bochum.
- The planned working time is 6 hours per week, for at least 6 months. The working time can be arranged, remote work is possible.
- Remuneration according to the SHK, WHK and WHB of the Ruhr-University Bochum.

RESOLV strives for gender equality and diversity. Women and severely disabled persons are therefore expressly welcome. Please submit your detailed application as 1 PDF including cover letter, curriculum vitae, copy of your high school diploma and, if applicable, other documents to: resolv@rub.de
