

THE GSS PRESENTS THE

"First GSS Summer School"

Lecture Series

10TH & 11TH JUNE 2014

RUB CONFERENCE CENTER

| WEDNESDAY, 11.06.2014 | |
|------------------------------|--|
| 9:15 – 10:00 | Prof. Eckhard Weidner, Dept. of Process Technology, RUB, Germany - <i>"Career Opportunities in Science and Technology"</i> |
| 10:00 – 10:45 | Prof. Gary J. Pielak, Dept. of Chemistry, University of North Carolina at Chapel Hill, USA - <i>"Protein Stability in Living Cells"</i> |
| 11:15 – 12:00 | Prof. Michael Duncan, Dept. of Chemistry, University of Georgia, USA - <i>"Cation Solvation in Clusters studied with Selected-Ion Infrared Photodissociation Spectroscopy"</i> |
| 12:00 – 12:45 | Jun.-Prof. Konrad Tiefenbacher, Dept. of Chemistry, Technische Universität München, Germany - <i>"Enzyme-like Catalysis in Self-Assembled Aromatic Cavities"</i> |

Interested persons are cordially invited to attend!
